The following letter has been received at the United States land office in Prescott from Binger Hermann, commissioner of the general land office at Washington: "A bill having been introduced in congress providing for the acquisition of a site and the erection of a suitable building thereon for the use of the government offices at Prescott, the following information is required from you (the register and receiver) right away: Will your business probably increase in the next ten years? Mr. Sutherland was absent at his mining camp at Crook Canyon at the time, and no one but the women and children of the family were at home. Whether or not this was known to the burglars is not known, but at any rate they seemed to take their time to the investigation of the premises. A gold watch belonging to Mr. and Mrs. Sutherland's niece, a purse of Mrs. Sutherland's containing some money and several articles of jewelry were stolen.
